ALPINE®

Car Audio and Navigation Systems

MOBILE MEDIA EXCELLENCE™

Non-Stop Music

Welcome to the world of Alpine
Where the music never stops

Seamless system integration
Flawless route navigation
Endless entertainment options
Non-stop music power and quality

Experience non-stop
multimedia entertainment
Experience Alpine

Alpine F#1Status™

AlpineF#1Status is quite simply,
the world's finest mobile entertainment system.
By applying "Micro Dynamics," Alpine's total commitment to
maximum performance, these components achieve
the highest possible audio, video and total system quality.
Audition AlpineF#1Status, and change your preception about
what is possible in an automobile.

VIVID MOBILE ENTERTAINMENT

TOUCH CONTROL SYSTEM

The IVA-D300R/RB is clearly the best choice for connecting and
controlling an entire mobile entertainment system. Large, colourful
menus make it easy to command the functions of a DVD player or

changer, a processor, amps, a TV tuner, other monitors, and more.
Forget about needing lots of remote controls — all you need is your
finger!

You have to touch it to believe it! With
the IVA-D300R/RB, you just touch the
screen to select and control functions.
Commands are confirmed by a "click"
feel, a sound, and a colour change.
You can even call up the DVD menu
and make choices right on the screen!

MULTI-CHANNEL DIGITAL AUDIO PROCESSORS

Ultimate Tuning Machines

The MRA-D550 and PXA-H701 give you the ability to enjoy the astoundingly realistic sound of multi-channel music.
In the enclosed space of a vehicle, this is a sensational experience. Among their many customisation features is
Digital Time Correction, for a clearer, more natural sound with ideal imaging.

TMI-M990

7" WVGA MOTORIZED IN-DASH MONITOR

In-dash Motorized Monitor Mechanism • 7" Wide P-Si VGA TFT Display (2400x480 pixels) • Visual EQ (Preset 4 mode / User 2 mode) • IONBUS • External TV Tuner Control (w/ Remote Control) • 3 AV AUX Input and 1 Y/CIS-Video Input for DVI-9990R • AV Input Name Setting - AUX (AUX-1,2,3/DVD/VTR/GAME/TV/CAMERA) - S-Video (AUX/DVD/VTR/GAME/TV) • 1 Camera Input (AUX 3) • Independent 2 AV AUX Outputs • NAVI In / NAVI Mix • Built-In Road EQ Microphone

Easy Processor Control from the Mobile Media Station

The IVA-D900R lets you control the functions of the PXA-H701 or the MRA-D550, so you can tailor the sound field to your exact preference, right from your driving position.

Multifunction Remote Control

This well-designed remote control gives you complete command over all functions: navigation, audio, DVD and rear seat monitors.

Multi-Zone Control

Three A/V Inputs and two A/V Outputs provide a wide range of source selection possibilities. The IVA-D900R allows independent source selection from each seat. Multi-Zone control is also possible via remote control from a rear seat.

Highest Quality LCD Screen

The IVA-D900R uses a new low-temperature polysilicone LCD screen that has 400% more pixels (1.15 million elements) than conventional LCDs, resulting in higher resolution, better colour saturation and higher contrast. In addition, the picture is brighter in daylight and the viewing angle is wider.

Includes black box, phone holder, microphone and wire harness.

Alpine Units Perfectly Integrate with Your Car's Interior

Multicolor Illumination

Now you can match the colour of your head unit's illumination to the dashboard illumination. And it's easy! You choose one of four basic colours, then use the rotary knob for precise matching. The adjustment range covers 512 colours!

512 colours

Steering Wheel Remote Control Ready

All head units can be connected to a special interface box that makes them compatible with steering wheel remote controls, so the head unit can be controlled from the wheel.

KCE-8xxB

Steering Wheel Remote Control Interfaces

Various Interfaces available for Audi, BMW, Citroen, Mercedes, Opel, Peugeot, Renault, VW and other manufacturers - please contact your local Alpine dealer for details.

KWE-8xxE

Adaptor Harnesses

For interfacing car manufacturer's vehicle models to KCE-type interfaces.

Vehicle Display Interface

Enjoy the convenience of connecting dedicated Swing Series Headunits to Original Vehicle Displays. And even more, these Vehicle Display Interfaces also include Steering Wheel Remote Control Functionality.

KCE-940B

Vehicle Display Interface for Renault Vehicles

KWE-941E/942E/943E/944E

Vehicle Display Adaptor Harnesses for connecting KCE-940B Interface to Renault Twingo, Clio, Kangoo, Megane, Scenic, Laguna, Safane, Vel Satis.

KCE-970B

Vehicle Display Interface for Opel Vehicles.

KWE-971E/972E

Vehicle Display Adaptor Harnesses for connecting KCE-970B Interface to Opel Agila, Astra, Corsa, Combo, Meriva, Vectra, Zafira, Omega, Sintra, Signum, Frontera, Calibra.

i-Personalize™

i-Personalize™

Only Alpine gives you four ways to personalise your system: Multicolor Illumination, Bass Engine, Amplifier Link and Data Download. Each provides greater customisation capabilities than any other brand; together, they are awesome!

Amplifier Link

This function lets you customise from one to eight V12 AccuClass-D amps right from the head unit! You can adjust 11 parameters, see the status of each amp on the head unit display, and even name each amp. Separate Amplifier Link unit is necessary. Need KCE-510M (Amplifier Link Box) to activate Amplifier Link.

Data Download

Want to access a sophisticated toolbox of online customisation for your head unit? It's possible with i-Personalize, found at www.alpine-europe.com. You just transfer your settings to a CD-R disc and upload them to your head unit.

Multicolor Illumination

Alpine lets you customise not only sound, but appearance, too. You can change the head unit illumination colour so it exactly matches the dashboard illumination. Your friends will be envious.

Bass Engine® Pro Functions

Subwoofer Level Control • Subwoofer Phase Selector • 6-Position HP/LP Digital Crossover • 3-Way or 2-Way Digital Channel Divider • 6ch Adjustable Digital Time Correction • Factory Preset EQ (3 modes: Rock, Pops, News) • 5-Band Parametric Equalizer • Bass Focus

Bass Engine® Plus Functions

Subwoofer Level Control • Subwoofer Phase Selector • 3-Position HP/LP Crossover Control (12dB/Oct.)

Bass Engine® Functions

Subwoofer Level Control • Bass Centre Frequency Control • Treble Centre Frequency Control • Bass Band Width Control

MP3

MP3 & WMA™ Compatibility

A number of Alpine head units and the CHA-S634 Changer let you play CD-R/RW discs containing MP3 tracks. Models with MediaXpander enhance the MP3 compression so you enjoy full digital quality. WMA (Windows Media™ Audio) is a format similar to MP3. Several head units will play CD-R/RW discs containing WMA tracks.

MediaXpander™

This exclusive Alpine technology significantly improves sound quality. It provides three selectable expansion modes for MP3, CD, DVD and FM. You select the appropriate source, then choose the mode that best restores the quality lost in the recording or transmission process.

MobileHub™ for Nokia Handsets

This feature lets you link Nokia handsets to a compatible Alpine head unit, Mobile Media Stations or navigation system. This provides control from the Alpine unit and interactive phone functions such as hands-free answering/dialing, call from address book and SMS messaging. Compatible with Nokia handsets 5110, 5130, 6110, 6130, 6150, 6210, 6310, and 6310i.

Once again, Alpine leads the way. With head units that give you an unbeatable combination of customisation capabilities, styling and audio quality.

WAV MP3 Touch Control Ready

Download at Home, Enjoy in Your Car

If you want a much bigger musical selection than you can get from a CD changer, this is the add-on unit for you. It's a hard disk drive player that can store about 3,000 songs in MP3 or WMA formats and also plays back WAV files. It comes

with its own software for easy downloading and creating and editing playlists. A Quick Search function makes it easy to find and play songs, and DJ Playback selects and announces songs in 10 categories.

POWER AMPLIFIERS AND SUBWOOFERS

"No shut down" design and superb audio quality. The V12 AccuClass-D™ mono amplifiers are the only true digital amps on the market and the V12 and V-Power models are over-achievers.

V12 AccuClass-D™ AMPLIFIERS

MRD-M1001 MONO POWER AMPLIFIER 1800W x 1 (Max)

1000W x 1 RMS [2 Ω @14.4V (1%THD)]
• 500W x 1 RMS [4 Ω @14.4V (1%THD)]
• 700W x 1 RMS [2 Ω @12V (1%THD)]
• 350W x 1 RMS [4 Ω @12V (1%THD)]
• 8.5V Input Capability • Buffered PreOut
• 3 Bass Compensation Modes

MRD-M501 MONO POWER AMPLIFIER 900W x 1 (Max)

550W x 1 RMS [2 Ω @14.4V (1%THD)]
• 275W x 1 RMS [4 Ω @14.4V (1%THD)]
• 425W x 1 RMS [2 Ω @12V (1%THD)]
• 225W x 1 RMS [4 Ω @12V (1%THD)]
• 8.5V Input Capability
• Buffered PreOut

MRD-M301 MONO POWER AMPLIFIER 760W x 1 (Max)

350W x 1 RMS [2 Ω @14.4V (1%THD)] • 175W x 1 RMS [4 Ω @14.4V (1%THD)] • 250W x 1 RMS [2 Ω @12V (1%THD)] • 150W x 1 RMS [4 Ω @12V (1%THD)]

RUX-4280

REMOTE AMPLIFIER CONTROL CENTRE

For remote control of up to 8 V12AccuClass-D™ Amplifiers if the Headunit does not provide direct AmplifierLink Control

V12 AccuClass-D Power Amplifier Common Features

Fully Digital Class-D Technology • Digital Control Centre with LED Information Display (Temperature, Voltage, Current)
• Bass Engine DSP (Parametric EQ, Crossover, Time Correction, Phase Control, Subsonic Filter, Bass Compensation)
• Integrated Wire Covers • Variable Turn-On Delay • Memory Preset • Thermal Management • Safe Mode • Amplifier link / Remote Amplifier Control Centre Ready

V12 AMPLIFIERS

MRV-T420 2/1 CHANNEL POWER AMPLIFIER 225W x 2 (Max)

340W x 1 RMS [4 Ω -Bridged @14.4V (0.3%THD)] • 170W x 2 RMS [2 Ω @14.4V (0.3%THD)] • 110W x 2 RMS [4 Ω @14.4V (0.3%THD)] • 110W x 2 RMS [4 Ω @14.4V (0.8%THD)] • 240W x 1 RMS [4 Ω -Bridged @12V (0.3%THD)] • 120W x 2 RMS [2 Ω @12V (0.3%THD)] • 75W x 2 RMS [4 Ω @12V (0.8%THD)] • Bass Engine (Variable HP/LP/BP Crossover, Bass EQ)

MRV-T320 2/1 CHANNEL POWER AMPLIFIER 140W x 2 (Max)

220W x 1 RMS [4 Ω -Bridged @14.4V (0.3%THD)] • 110W x 2 RMS [2 Ω @14.4V (0.3%THD)] • 80W x 2 RMS [4 Ω @14.4V (0.8%THD)] • 160W x 1 RMS [4 Ω -Bridged @12V (0.3%THD)] • 80W x 2 RMS [2 Ω @12V (0.3%THD)] • 50W x 2 RMS [4 Ω @12V (0.8%THD)] • Bass Engine (Variable HP/LP/BP Crossover, Bass EQ) • Speaker Level Input

MRV-F540 4/3/2 CHANNEL POWER AMPLIFIER 150W x 4 (Max)

200W x 2 RMS [4 Ω -Bridged @14.4V (0.3%THD)] • 100W x 4 RMS [2 Ω @14.4V (0.3%THD)] • 80W x 4 RMS [4 Ω @14.4V (0.8%THD)] • 140W x 2 RMS [4 Ω -Bridged @12V (0.3%THD)] • 70W x 4 RMS [2 Ω @12V (0.3%THD)] • 50W x 4 RMS [4 Ω @12V (0.8%THD)] • Bass Engine (Independent Variable HP/LP/BP Crossover)

MRV-F340 4/3/2 CHANNEL POWER AMPLIFIER 100W x 4 (Max)

130W x 2 RMS [4 Ω -Bridged @14.4V (0.3%THD)] • 65W x 4 RMS [2 Ω @14.4V (0.3%THD)] • 55W x 4 RMS [4 Ω @14.4V (0.8%THD)] • 90W x 2 RMS [4 Ω -Bridged @12V (0.3%THD)] • 45W x 4 RMS [2 Ω @12V (0.3%THD)] • 35W x 4 RMS [4 Ω @12V (0.8%THD)] • Bass Engine (Independent Variable Tweeter Attenuation Circuit) HP/LP Crossover, Subsonic Filter-Ch 3/4)

V-12 Common Features

Alpine V12 PWM MOSFET Power Supply • STAR Technology • 4 Volt Input Capability • Extra-Large Gold-Plated Power Terminals • Top Mounted Controls • Control Panel Cover • Blue Power/Status Indicator • Integrated Wire and Mounting Screw Covers

V-POWER AMPLIFIERS

MRP-M350 CLASS-D MONO AMPLIFIER 700W x 1 (Max)

350W x 1 RMS [2 Ω @14.4V (1%THD)]
• 200W x 1 RMS [4 Ω @14.4V (1%THD)]
• Bass Engine (Variable LP Crossover, Bass EQ) • Thermal Management Processor

MRP-T220 2/1 CHANNEL POWER AMPLIFIER 140W x 2 (Max)

140W x 1 RMS [4 Ω -Bridged @14.4V (0.3%THD)] • 70W x 2 RMS [2 Ω @14.4V (0.3%THD)] • 50W x 2 RMS [4 Ω @14.4V (0.8%THD)] • Bass Engine (HP/LP Crossover, Bass EQ) • Buffered PreOut • Duo-B Negative Feedback Circuit

MRP-F240 4/3/2 CHANNEL POWER AMPLIFIER 75W x 4 (Max)

100W x 2 RMS [4 Ω -Bridged @14.4V (0.3%THD)] • 50W x 4 RMS [2 Ω @14.4V (0.3%THD)] • 40W x 4 RMS [4 Ω @14.4V (0.8%THD)] • Bass Engine (HP/LP Crossover, Bass EQ (Variable Ch 3/4)) • Duo-B Negative Feedback Circuit

SWD-2000

8" POWERED SUBWOOFER BOX (4Ω)

350W Peak Power • Frequency Response: 50Hz-200Hz (-24dB/oct.) • 20cm Cone Woofer • LPF Control • GAIN Control • Speaker/RCA Input • Variable BASS EQ • 4V Input Ready

SWD-3000

12" POWERED SUBWOOFER BOX (4Ω)

350W Peak Power • Frequency Response 35 Hz-200Hz (-24dB/oct.) • 30cm Cone Woofer • LPF Control • GAIN Control • Speaker and Line/RCA Inputs • Variable BASS EQ • 4V Input Ready

TYPE-X SUBWOOFERS

SWX-1242D

12" (30cm) SUBWOOFER (4 Ω + 4 Ω)

3000W Peak Power • 1000W RMS • Frequency Response: 20Hz - 500Hz

SWX-1042D

10" (25cm) SUBWOOFER (4 Ω + 4 Ω)

3000W Peak Power • 1000W RMS • Frequency Response: 22Hz - 500Hz

Type-X Subwoofer Common Features

Carbon Fiber/Aluminum Honeycomb Parabolic Cone • Custom Cast Aluminum Frame • Dual Voice Coil Design, 4-Layer 220°C High Temp Wire with Inner/Outer Winding on Twin-Wall Brass Former • Integrated Spider Landing and Heat Transfer Plate • Multi-Stage Ventilation System (Dual Flare Pole, Spider Plateau & Frame Leg Venting, Cone/VC Junction Venting) • FEA Optimized CRC T-Drive Motor Structure with Copper Shorting Sleeve & Heat Transfer Technology • FEA Optimized Mirrored Progressive Nomex® Spiders with Integrated Tinsel Leads, • FEA Optimized High Excursion Injected Santoprene® Multi-Roll Surround • Massive Triple Stacked Strontium Magnets • One-Sided Terminal Layout • Gold Plated Insert Terminal Block with VC Connection Jumpers • Hidden Screw Gasket • Designed and Engineered in the USA

TYPE-R SUBWOOFERS

SWR-1541D

15" (40cm) SUBWOOFER (4 Ω + 4 Ω)

1500W Peak Power • 500W RMS • Frequency Response: 22Hz - 1kHz • High Excursion 1-1/4" Santoprene Edge

SWR-1221D*/1241D**

12" (30cm) SUBWOOFER (*2 Ω + 2 Ω) (**4 Ω + 4 Ω)

1000W Peak Power • 300W RMS • Frequency Response: 24Hz - 1kHz • High Excursion 1" Santoprene Edge

SWR-1021D*/1041D**

10" (25cm) SUBWOOFER (*2 Ω + 2 Ω) (**4 Ω + 4 Ω)

1000W Peak Power • 300W RMS • Frequency Response: 28Hz - 1kHz • High Excursion 1" Santoprene Edge

Type-R Subwoofer Common Features

Kevlar Reinforced Pulp Cone • Dual Progressive Nomex Spiders with Edge Control • Integrated Tinsel Lead Spider Design • Custom Cast Aluminium Frame with Integrated Heat Transfer Plate • Extended Length Dual-Flared Vented Pole Design • High-Strength Brass Voice Coil Bobbin • Heavy-Duty 8ga. Push Terminals • Computer Optimized Magnetic Circuit • Designed and Engineered in the USA

TYPE-R READY TO USE BOX

SBR-1241SB

SUBWOOFER WITH SEALED ENCLOSURE (4 Ω + 4 Ω)

1000W Peak Power • 300W RMS • 12" (30cm) Type-R Subwoofer SWR-1241D Included • Subwoofer designed and engineered in the USA • Compact size sealed box design (around 27 liters) • Subwoofer mounted, wired and tested—ready to use • Subwoofer mounted and fixed with High-Q bolts and nuts • High Density Fibreboard/Wood for resonance-free operation • High Quality speaker-wire terminals • Slanted back for easy trunk mount • Attractive see-through plexiglass window with custom cast basket and magnet view

TYPE-S SUBWOOFERS

SWS-1222D

12" (30cm) SUBWOOFER (2 Ω + 2 Ω)

900W Peak Power • 300W RMS • Frequency Response: 26Hz - 1kHz

SWS-1242D

12" (30cm) SUBWOOFER (4 Ω + 4 Ω)

900W Peak Power • 300W RMS • Frequency Response: 26Hz - 1kHz

SWS-1022D

10" (25cm) SUBWOOFER (2 Ω + 2 Ω)

900W Peak Power • 300W RMS • Frequency Response: 30Hz - 1kHz

SWS-1042D

10" (25cm) SUBWOOFER (4 Ω + 4 Ω)

900W Peak Power • 300W RMS • Frequency Response: 30Hz - 1kHz

Type-S Subwoofer Common Features

Kevlar Reinforced Pulp Cone • Aluminum Coated Poly Parabolic Dust • Extra Rigid Custom Steel frame with Integrated Leg Vent System • Dual Voice Coil Design, 4-Layer High Temp Wire on High-Strength Brass Former • FEA Optimized Motor Structure with CRC Geometry • Extended Dual Flare Vented Pole • FEA Optimized Mirrored Progressive Nomex® Spiders with Integrated Tinsel Leads • FEA Optimized High Excursion Injected Santoprene® Surround • Double Stacked Magnets • One-Sided Terminal Layout • Heavy-Duty 8ga. Push Terminals with Connection Jumpers • Hidden Screw Gasket • Designed and Engineered in the USA

TYPE-S READY TO USE BOX

SBS-1241BR

READY TO USE BASS REFLEX SUBWOOFER BOX

350W Peak Power • 200W RMS • 12" (30cm) High Performance Subwoofer, ready installed and wired • High Density Bass Reflex Enclosure with original Aeroport Reflex-Port • Dual-slanted Enclosure Design for easy Trunk Fitting • Resonance-Free Steel-Basket and Natural Rubber Edge • 3-dimensional Alpine Logo Decal • High Quality Speaker Connection Terminals • Subwoofer-Chassis Front-Protection Bars

TYPE-E SUBWOOFERS

SWE-1241

12" (30cm) SUBWOOFER (4 Ω)

600W Peak Power • 200W RMS • Frequency Response: 26Hz - 1kHz

SWE-1041

10" (25cm) SUBWOOFER (4 Ω)

600W Peak Power • 200W RMS • Frequency Response: 30Hz - 1kHz

Type-E Subwoofer Common Features

Kevlar Reinforced Pulp Cone • Dual Progressive Nomex Spiders • High Excursion 3/4" Santoprene Edge • Custom High-Strength Basket • High-Strength Brass Voice Coil Bobbin • Designed and Engineered in the USA

V-Power Common Features

Adjustable Gain Control • MOSFET Power Supply • DC-DC PWM Power Supply • Gold Plated Connectors and Terminals • Speaker Level Inputs • Blue Power Status LED • No Current Limiting • Double Buffered Preamp Input Circuitry • Discrete Preamp Stage • MOSFET Output Transistors • STAR Technology

CLARITY SPEAKERS

Alpine speakers are at the leading edge of design and performance. Listen to the new Type X models to hear the definition of "clarity."
The huge Alpine selection ensures you'll find just what you want.

TYPE-X SPEAKERS

SPX-177R

6-1/2" (16.5cm DIN) COMPONENT 2-WAY SPEAKER SET
300W Peak Power • 75W RMS • Frequency Response: 35Hz - 60kHz

SPX-137R

5-1/4" (13cm) COMPONENT 2-WAY SPEAKER SET
240W Peak Power • 60W RMS • Frequency Response: 40Hz - 60kHz

SPX-107R

4" (10cm) COMPONENT 2-WAY SPEAKER SET
160W Peak Power • 40W RMS • Frequency Response: 45Hz - 60kHz

SPX-17MB

6-1/2" (16.5cm DIN) MID BASS KIT
300W Peak Power • 75W RMS • Frequency Response: 30Hz - 4kHz

Type-X Speakers Common Features

[Woofer Features] Wood Fiber Cone & Phase Integrated Dust Cap • Non-Resonant Suspension Coupling (NRSC) with Reinforced Edge • Low Resonance Multi-Roll Surround (LRMS) • Braided Low-DCR Tinsel Leads • Custom Cast Aluminum Frame • Integrated Spider Landing & Vented Heat Transfer Plate • FEA Optimized CRC T-Drive Motor Structure • Airflow Optimized Dual-Flare Pole Vent • High Quality Synthetic Black Spider • Single Voice Coil Design, 4-Layer Copper Clad Aluminum (CCA) Wire on Glass Fiber Bobbin • High Grade Strontium Ferrite Magnet • Gold Plated Terminals • Snap Fit Mounting System
[Tweeter Features] • 32mm (1") Ring Radiator Diaphragm with Wave Guide • 19mm Voice Coil, Copper Clad Aluminum (CCA) Wire on Aluminum Bobbin • Periphery Venting System into Cast Aluminum Tuned Chamber with Integrated Heatsink • Low Distortion Motor Structure with High Grade Neodymium Magnets and Copper Shorting Cap • Twist Lock Installation Ring with Compact Swivel System
[Network Features] Phase Coherent Design • Integrated Level/Axis Adjustment • Tweeter Protection Circuit • Bi-Amp/Bi-Wire Capable • 3-Way/Dual Midbass ready • Ultra-High Grade Passive Components (Metalized Poly Capacitors, Heavy Gauge Air Core Inductors, Low Tolerance Heatsink Resistors, OFC Circuit Board Traces) • Gold Plated Terminals and Connection Jumpers

TYPE-R SPEAKERS

TYPE-R COMPONENT

SPR-176A

6-1/2" (16.5cm DIN) COMPONENT 2-WAY SPEAKER
200W Peak Power • 50W RMS • Frequency Response: 40Hz - 30kHz

SPR-136A

5-1/4" (13cm) COMPONENT 2-WAY SPEAKER
160W Peak Power • 40W RMS • Frequency Response: 50Hz - 30kHz

TYPE-R COAXIAL

SPR-694A

6"x 9" (15x23cm) COAXIAL 2-WAY SPEAKER
200W Peak Power • 50W RMS • Frequency Response: 35Hz - 30kHz • 1" Tweeter

SPR-174A

6-1/2" (16.5cm DIN) COAXIAL 2-WAY SPEAKER
160W Peak Power • 40W RMS • Frequency Response: 45Hz - 30kHz • 1" Tweeter

SPR-134A

5-1/4" (13cm) COAXIAL 2-WAY SPEAKER
140W Peak Power • 35W RMS • Frequency Response: 53Hz - 30kHz • 1" Tweeter

Type-R Component Common Features

1" (2.5cm) Soft Dome Tweeter • External 12dB HP/6dB LP Crossover with Tweeter Protection • Aluminium Coated Poly Cone • Cast Aluminium Woofer Frame • Extra-Large Woofer Magnet with Vented Pole Piece • Swivel Flush/Surface Tweeter Mounting

Type-R Coaxial Common Features
Soft Dome Tweeter with 15° Swivel Capability • In-Line 12dB HP Crossover with Tweeter Protection • Aluminium Coated Poly Cone • Cast Aluminium Woofer Frame

TYPE-S SPEAKERS

CUSTOM FIT SPEAKERS

SXS-1757

6-1/2" (16.5cm DIN) COMPONENT 2-WAY SPEAKER

180W Peak Power • 60W RMS • Frequency Response: 60-22kHz • Sensitivity: 90dB/W/m • 16.5cm Woofer • 20mm Neodymium Swivel Tweeter • Strontium Magnet (W/Tw) • Neodymium Magnetic Tweeter • Glass Fibre Aluminium Coated Speaker Cone • Butyl Rubber Edge • PEI and Titanium Tweeter Diaphragm • Aluminium Formed Voice Coil

SXS-1357

5-1/4" (13cm) COMPONENT 2-WAY SPEAKER

150W Peak Power • 50W RMS • Frequency Response: 80-22kHz • Sensitivity: 89dB/W/m • 13cm Woofer • 20mm Neodymium Swivel Tweeter • Strontium Magnet (W/Tw) • Neodymium Magnetic Tweeter • Glass Fibre Aluminium Coated Speaker Cone • Butyl Rubber Edge • PEI and Titanium Tweeter Diaphragm • Aluminium Formed Voice Coil

SXE-1750S

6-1/2" (16.5cm DIN) COMPONENT 2-WAY SPEAKER

280W Peak Power • 45W RMS • Frequency Response: 60Hz-20kHz • Sensitivity: 90dB/W/m • Ferrite Magnet • Long Fibre Natural Pulp Cone • Neodymium Magnet • Mylar-Titanium Balanced Dome Tweeter • High Polymer Foam Edge

SXE-1350S

5-1/4" (13cm) COMPONENT 2-WAY SPEAKER

250W Peak Power • 40W RMS • Frequency Response: 60Hz-20kHz • Sensitivity: 90dB/W/m • Ferrite Magnet • Long Fibre Natural Pulp Cone • Neodymium Magnet • Mylar-Titanium Balanced Dome Tweeter • High Polymer Foam Edge

SXE-1725S

6-1/2" (16.5cm DIN) COAXIAL 2-WAY SPEAKER

220W Peak Power • 40W RMS • Frequency Response: 60Hz-20kHz • Sensitivity: 92dB/W/m • Ferrite Magnet • Long Fibre Natural Pulp Cone • Neodymium Magnet • Mylar-Titanium Balanced Dome Tweeter • High Polymer Foam Edge

SXE-1325S

5-1/4" (13cm) COAXIAL 2-WAY SPEAKER

200W Peak Power • 35W RMS • Frequency Response: 70Hz-20kHz • Sensitivity: 92dB/W/m • Ferrite Magnet • Long Fibre Natural Pulp Cone • Neodymium Magnet • Mylar-Titanium Balanced Dome Tweeter • High Polymer Foam Edge

SXE-4625S

4" x 6" (10x15cm) COAXIAL 2-WAY SPEAKER

150W Peak Power • 20W RMS • Frequency Response: 90Hz-20kHz • Sensitivity: 91dB/W/m • Ferrite Magnet • Long Fibre Natural Pulp Cone • Alnico Magnet • Mylar-Titanium Balanced Dome Tweeter • High Polymer Foam Edge

SXE-1025S

4" (10cm) COAXIAL 2-WAY SPEAKER

180W Peak Power • 25W RMS • Frequency Response: 100Hz-20kHz • Sensitivity: 90dB/W/m • Ferrite Magnet • Long Fibre Natural Pulp Cone • Neodymium Magnet • Mylar-Titanium Balanced Dome Tweeter • High Polymer Foam Edge

SXE-0825S

3-1/2" (8.6cm) COAXIAL 2-WAY SPEAKER

150W Peak Power • 20W RMS • Frequency Response: 120Hz-16kHz • Sensitivity: 89dB/W/m • Ferrite Magnet • Long Fibre Natural Pulp Cone • Alnico Magnet • Piezo Tweeter • High Polymer Foam Edge

TYPE-E SPEAKERS

SPE-6903

6"x 9" (15x23cm) 3-WAY SPEAKER

150W Peak Power • 30W RMS • Frequency Response: 30Hz - 28kHz • Kraft Pulp Midrange

SPE-1702

6-1/2" (16.5cm DIN) COAXIAL 2-WAY SPEAKER

150W Peak Power • 30W RMS • Frequency Response: 35Hz - 25kHz

SPE-1002

4" (10cm) COAXIAL 2-WAY SPEAKER

75W Peak Power • 15W RMS • Frequency Response: 55Hz - 25kHz • Sensitivity: 90dB/W/m

SPE-6902

6"x 9" (15x23cm) COAXIAL 2-WAY SPEAKER

150W Peak Power • 30W RMS • Frequency Response: 30Hz - 25kHz

SPE-1302

5-1/4" (13cm) COAXIAL 2-WAY SPEAKER

100W Peak Power • 20W RMS • Frequency Response: 50Hz - 25kHz

Type-E Common Features

Hybrid Pearl-Mica Injection Woofer Cone • Lightweight Air Injected Rubber Edge • 3/8" PEI & Titanium Balanced Dome Tweeter • Neodymium Tweeter Magnet

GUIDED NAVIGATION

Alpine's award-winning DVD navigation is available in two high-performance systems.

Both provide superior guidance and ease of operation, with a wide range of extremely useful functions.

IN-DASH DVD CAR NAVIGATION SYSTEM

The INA-N333RS/RRS is truly the world's most advanced in-dash navigation system. This

one-DIN unit includes not only full navigation capabilities and a huge POI database but also

a high quality Bass Engine CD Receiver with high-resolution display.

INA-N333RS/RRS

MOBILE MEDIA NAVIGATION SYSTEM

[Navigation] Map Coverage (20 countries) • Auto Route Calculation • Easy Input • Motor Way / General Street Selection • Destination Search • Real-time Voice Guidance (8 Languages) • Guidance Display (8 Languages) • Advanced Intersection Zoom • 3D Motorway Junction Guidance*¹ **[TMC]** Built-In TMC tuner • Wide TMC*² • Dynamic route guidance **[Tuner]** "MAX TUNE PRO" Tuner (FM18/MW6/LW6) **[CD]** CD-R/CD-RW Compatible • CD TEXT • Regulated 1 Bit DAC **[CD Changer Control]** CD TEXT • Multi CD Changer Control (with KCA-410C) **[Bass Engine]** Bass Engine • Subwoofer Phase Selector • Bass Type Selection **[Audio]** 45W x 4 High Power Amp • 3 PreOuts • Versatile Link **[General]** Ai-NET • DVD/MP3 Changer Ready • HDA-5460 Compatible (only for Sound) • MobileHub LINK • BioLite Display • Dual Illumination • SwingFace • Wireless Remote Control Ready • Steering Remote Controller Ready

*1 Germany, the United Kingdom, Belgium, the Netherlands, Luxembourg, Italy, and France.

*2 Germany, the United Kingdom, France, Italy, Switzerland, Austria, Belgium, the Netherlands, Spain, Denmark, and Sweden.

*3 V-Traffic information in France provided by Mediamobile company

*4 Traffic information in the UK provided by ITIS Holding Plc.

INA-N333RS/RRS Red illumination

DVD CAR NAVI

Dynamic Route Guidance

When TMC receives an update about traffic congestion, the system automatically chooses a new route for you.

3D Motorway Junction Guidance

This display re-creates on-screen the actual appearance of the required exit lane and junction, so you will never miss a turning.

TMC-001P

TMC TUNER BOX FOR INA-N333RS/RRS

The TMC-001P is required for reception of TMC information when listening to FM broadcasts that are not TMC compatible. (Internal TMC decoding of stations with TMC information possible for INA-N333RS/RRS without using TMC-001P)

DVD NAVIGATION SYSTEM

This system utilises the most advanced hardware and software available, for superior

speed, accuracy and convenience. With a database covering over 100,000 European

cities on a single disc, you can drive anywhere with ease and confidence.

NVE-N099P

DVD GPS CAR NAVIGATION SYSTEM

DVD-ROM Drive • Map Coverage (20 countries) • High Quality Voice Guidance in 8 Languages (German, French, English, Italian, Spanish, Dutch, Danish and Swedish) • High Speed CPU • Compatible with Pulse Touch™ Display (IVA-D300R/RB) and touch screen monitor (TME-M770) • Built-In TMC tuner • Advanced TMC function • Wide TMC*¹ • TMC event list • TMC event voice • NOKIA Link • Built-In Gyro Sensor • Vehicle Speed Pulse Input • 3D Motorway Junction Guidance*¹

*1 Germany, the United Kingdom, Belgium, the Netherlands, Luxembourg, Italy, and France.

*2 Germany, the United Kingdom, France, Italy, Switzerland, Austria, Belgium, the Netherlands, Spain, Denmark, and Sweden.

*3 V-Traffic information in France provided by Mediamobile company

*4 Traffic information in the UK provided by ITIS Holding Plc.

DVD CAR NAVI

Touch Control Ready

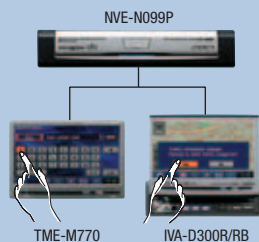

Display choices

You'll have a bright, clear view of the navigation maps with any of the four Mobile Media Stations or the two other wide-screen monitors. The IVA-D300R/RB and TME-M770 give you the added advantage of fingertip control.

Easy Control via Touch Screen or Remote Control

This year, navigation control is easier and more user-friendly than ever. When you use the system with the IVA-D300R/RB Mobile Media Station or the TME-M770 Monitor, you get the advantage of being able to input commands simply by touching the screen. Large, clear graphics make menus easier to see and selecting desired functions is much faster, and more enjoyable, too. The universal remote control can also be used, for convenient control by driver or passenger.

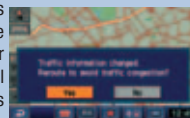

Wide TMC Coverage

In addition to i-TMC in the UK and V-traffic in France, TMC is available in Germany, the United Kingdom, France, Italy, Switzerland, Austria, Belgium, the Netherlands, Spain, Denmark, and Sweden. And Alpine navigation provides Automatic TMC Country Switching as you go to a different country.

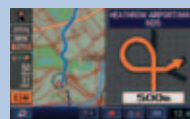

Dynamic Route Guidance

When the TMC function receives information about traffic congestion, it gives you a new route and the estimated time to your destination so you can call ahead to inform business associates, family, etc.

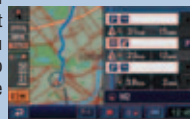

Intersection Zoom

Shows a close-up of the upcoming intersection so you can drive with greater confidence.

Highway Mode

Keeps you informed of points of interest along the route so you can decide where to stop. A great feature when on family trips.
